From the Municipal Commr Bangalore city

A5= C-5-35, dated 2-1-1947

States that the city Municipal Council has decided that there is no necessity for the appointment of Engineering police staff and that the existing establishment of the licensing Section may be strengthened at an extra cost of Rs 260- per annum

5) With an view to see that huts and other structures of an unauthorised nature are not allowed to spring up in the Bangalore city limits and that Corporation Government considered unnecessary to employ a staff of Engineering police, who could check such constructions effectively

6) Accordingly, in this office letter no L12333 dated 8-5-1946, the Municipal Commr Bangalore city was requested to submit suitable

proposals in this behalf

7) It is now reported that the City Municipal Council is not in favour of employing any Engineering police staff and that it would meet the requirements, if the Licensing Section of the City Municipality is suitably strengthened by employing certain additional subordinate establishment at an extra cost of Rs 8260- per annum, as shown in the proposition statement.

8) The existing and proposed staff, as noted below

Existing		Proposed	
1 Licensing Officer	60-5-125-10-175 + CA 24	2 Surveyors	125-12-17-5 + 24 CA
2 overseers	80-5-125	4 Suboverseers	50-5-80 - 2 + CA 15
1 Clerk	25-1-40	1 Clerk	50-2-60
5 process servers	15 (5 CA)	2 Clerks	40-2-50
2 peons	12	16 process servers	25+5-CA
		2 peons	12
Total cost	Rs 5772	140 32.	Excess Rs 826

5 36x

9) It is doubtful if the Engineering Subordinates could detect and effectively check such irregular and haphazard constructions, as would be possible for the police staff

10) It is seen from the Municipal Engineer's letter dated 5-9-46, that he has already submitted proposals for the employment of the Engineering police staff but the Municipal Town has not sent a copy of the same to you

(Through the President)

Sir,

I am directed to state that it has come to the notice of Government that huts and other temporary structures of an unauthorised nature are springing up in several parts of Bangalore city and its extensions in an indiscriminate manner with a view to see that such unauthorised constructions are not allowed to develop in a haphazard and irregular manner it is considered necessary to

employ a staff of Excise Engineering police, who could check them effectively.

I am accordingly to request you to submit to Govt suitable proposals in this behalf, at an early date.

Report No E2 Pr 29/46-47 dated 5-9-1946 from the Municipal Engineer, Bangalore City

Sub Reorganisation of the Licensing Section.

Submitted to the Municipal Commissioner Establishment for the Licensing Section at a cost of Rs 5772/- per year as noted in the margin has been sanctioned by the Government in G O No L 3343-5/M1 10-45-75 dated 27-10-1945 It is now felt that this establishment in too inadequate and cannot cope with the Licensing work

Sanctioned strength
1 Licensing Officer
2 Overseers
1 clerk
5 Process servers
2 peons

Due to the improvement of economic conditions of the people, particularly after the war, number of new buildings are springing up in the City The City is growing rapidly day by day It has become impossible for the present staff to watch and prevent unauthorised constructions in the City In the interest of quick disposal of the licensing references and to put down the unauthorised constructions etc , it is very necessary to reorganise the Licensing Section as per proposition statement enclosed herewith The Government realising the fact have addressed the Municipal Commissioner to send up proposals for appointing Licensing Police

As per the revised proposals the City will be divided into two zones the North Zone and South Zone For each of these Zones there will be a Senior Graduate Surveyor, assisted by two Overseers and five process servers The ministerial staff will comprise of one Senior Clerk knowing typing work and two junior clerks

A sum of Rs 3700/- has been provided in the current years budget towards the cost of additional establishment of the Licensing Section According to the revised proposals the extra amount required for the additional establishment is Rs 8260/- per annum Two months have already elapsed in the current year and it may take some more months for the sanction of this establishment The amount of Rs 3700/- provided in the budget may be sufficient for this establishment for this year and necessary provision will be made during the next year

Proposals for the entertainment of the Engineering Police has been submitted already During discussion of the subject in the last Managing Committee meeting, it was decided that there is no necessity for this Police and a revised proposals strengthening the number of surveyors and Sub-overseers etc may be submitted As per suggestions made, the revised proposals with proposition statement is herewith submitted for favour of placing before the Managing Committee for approval

SIR,

Subject Employment of additional licensing staff for looking after licensing work and to put down unauthorised constructions springing up in several parts of the City

---

With reference to your letter No 10713 dated 30-1-1947 on the above subject, I have the honour to state that the Municipal Engineer who was requested to furnish the replies to the queries raised in the letter under reference has submitted a report stating that the present staff is inadequate to put down the unauthorised constructions and that due to the expansion of the City and the inflation of population to an extent of 2 lakhs within a few years, the housing problem has become very acute and that additional staff is required for the quick disposal of licensing references coming in huge numbers and to take suitable action in respect of unauthorised constructions The proposal of the Municipal Engineer recommending that a Licensing Section might independently work under a Gazetted Assistant Engineer with an adequate increased staff against the existing staff sanctioned in Government Order No L 3343-5/M1 10-45-75 dated 27-10-1945, was placed before the Municipal Council at their meeting held on 27-6-1947 and they approved of the reorganisation of the Building Licensing Section

2 A copy of the Council resolution on the subject together with, that of the copy of Municipal Engineer's report and proposition statements involving an extra cost of Rs 9710/- per

p t o

per annum over the sanctioned allotment of Rs.5772/- are enclosed herein for favour of perusal

3 Necessary increased provision has been made in the ensuing year's budget for meeting this expenditure

4 I request that this matter may be treated as very urgent and early sanction of Government be kindly obtained to the resolution of the Municipal Council

Municipal Engineer's report No E4 Pr 448/46-47 dated 13th June 1947

Subject - Re-organisation of the Licensing Section

The sanctioned strength of the establishment of the Licensing Section as per G O No L 3343-5/M1 10-45-75 dated 27-10-1945, costs Rs 5,772/- per year vide details of strength noted in the margin

1 Licensing Officer, 2 Overseers 1 Clerk 5 Process Servers 2 Peons	The City is growing rapidly day by day and with the inflation of population to an extent of nearly two lakhs, within the course of a few years, housing problem has been very acute, and apart from conversion of existing buildings into tenemental quarters number of new buildings are springing up

The bye-laws relating to the licensing of buildings is very old, and requires thorough revision For this, a special Bye-law Committee has been set up, but fresh rules have not yet been framed

In the interest of quick disposal of the licensing references, and putting down the unauthorised constructions, it has been found very necessary to reorganise the licensing section as the present establishmen is too inadequate and cannot cope up with the present work

The proposition statement for the fresh proposals is accordingly got up and submitted herewith amounting to Rs ~~15,424~~ 15 474/- per year

It has been proposed to have a gazetted Assistant Engineer in charge of the section, assisted by seven Sub Overseers

There are at present nine divisions in the City, and some of the divisions being rather unwieldy in area, have been further subdivided It is felt that at least one process server for each division will be necessary, whose duty will be to serve notices and issue the granted licenses

It is learnt that according to the practice obtained in the Bangalore Cantonment, notices and licenses are sent by registered post reducing the strength of the Process Servers considerably But till such time as the same practice is brought into vogue in this Municipality with the revision of the bye-laws etc, the proposed strength of Process Servers will be necessary during the period of transition

p t o

Provision has been made for two Clerks, They will have to attend to the registration of the papers, issue of endorsements, filing of of the copies of sanctioned licenses and maintenance of records
